FOR IMMEDIATE RELEASE

Westbound Highway 12 Closure from the I-80 Connector

Solano County – Beginning on Monday, October 20 the California Department of Transportation (Caltrans) plans eight nights of lane closures for westbound State Route 12 (Jameson Canyon Road.) The closures are from 9 p.m. to 5 a.m. on each night and will extend from the I-80 connector with SR-12 to a mile west of Red Top Road.

The first set of closures will be from October 20 to 24. After a two day break, work will resume on Monday, October 27 and end at 5 a.m. on Friday, October 31.

The closures will enable crews to complete paving work in both directions of a Truck Climbing Lane project for SR-12. Final completion of the project is scheduled for mid-November.

Traffic heading for westbound SR-12 from Interstate-80 should detour by exiting on Highway 37 in Vallejo and then turning right onto Highway 29.

Eastbound lanes on SR-12 will remain open during this period, but traffic in that direction should expect some delays.

Motorists are advised to expect traffic delays during this operation and encouraged to take alternate routes if necessary. Motorists are also advised that traffic fines are doubled in construction zones.

Please “Slow For The Cone Zone.”
